## A Killer's Confession

(Can you feel the pain?)

I mean no disrespect  
But deep down I just wanna snap your fucking neck  
Without me, there, never was you  
Just a broken vessel, full of broken truths

Strength  
It comes from the hands that take it  
And there's no way to change it  
And everything that you believe  
Is just a lie, can't you see?

I can be your pain (the shadow with me)  
I can take it away (is there anyone there?)

And you're trying to say that you can change?

Can you feel the warmth from the sun?  
I'll never be like, like everyone  
You know your sins and you know why I'm here  
Say goodbye to the light and hello...  
Hello to the end

You wanted it, and now you squandered it  
Living in a lie of your own self punishment  
Stuck in a circle where you can't change a damn thing  
Hands in the air and you give up on the everything

Your pain  
It was everything you've made it  
It's your punishment, now take it  
There's no you without me  
It's just a lie, can't you see?

Can you feel the warmth from the sun?  
I'll never be like, like everyone  
You know your sins and you know why I'm here  
Say goodbye to the light and hello...  
Hello to the end

Why won't all you motherfuckers die?  
This is your manifestation, some things you can't deny  
I can be your pain (I sat and watched you die)  
I can take it away (This is punishment, this is pain)

Can you feel the warmth from the sun?  
I'll never be like the rest of you

Can you feel the warmth from the sun?  
I'll never be like, like everyone  
You know your sins and you know why I'm here  
Say goodbye to the light and hello...  
Hello to the end
