

The Lost

A Life Divided

Here we come to reform you
Cutting down your size
We have come to destroy your selfish
and narcissistic crimes
They try to keep us down
'Cause they know
that all the things worth saving
We are the lost
Say can you hear us?
We are the lost
Say can you hear us?
Shout!
We are the lost (hey), we are the lost (hey)
We are the lost (hey, hey)
Here we come to reveal you
Uncover all your lies
We have to take down your standards
Justice is undying
They try to keep us down
'Cause they know
that all the things worth saving
We are the lost
Say can you hear us?
We are the lost
Say can you hear us?
Shout!
We are the lost (hey), we are the lost (hey)
We are the lost (hey), we are the lost (hey)
And now, and now
Will you come and do?
You get out, get out
'Cause the law will lose
Your escape is just a second away
We burning freely so I'm carried away
We're marching for freedom
But freedom is prison
(hey, hey)
We are the lost
Say can you hear us?
We are the lost
Say can you hear us?
Shout!
We are the lost (hey), we are the lost (hey)
Now we take down the stairs
We warned you,
we gave you
Now we take down the stairs
We are the lost (hey), we are the lost (hey)
We are the lost (hey), we are the lost (hey....)
We're marching for freedom
But freedom is prison
