Alone

A Place to Bury Strangers

Oh Hear the sound On the tracks and on the run Now Now you're down Stupid shit you better run What What the fuck Don't play with my heart I said what What the fuck Don't play with my heart Who am I Dream But dream alone Driving fast and driving thin Dream And dream you're home Live in fast and live in sin You're all alone Now you're all alone Now you're all alone again I said you're fucked up girl You won't come down Don't take me down Now you're all alone again Down I let you in Holding love and hold it in Feeling bad And looking thin Holding on and holding in
