

## Deadbeat

### A Place to Bury Strangers

Oh  
Hear the sound  
On the tracks and on the run  
Now  
Now you're down  
Stupid shit you better run  
What  
What the fuck?  
Don't play with my heart  
I said what  
What the fuck?  
Don't play with my heart  
Who am I  
Dream  
But dream alone  
Driving fast and driving thin  
Dream  
And dream you're home  
Live in fast and live in sin  
What  
What the fuck?  
Don't play with my heart  
I said what  
What the fuck?  
Don't play with my heart  
Who am I  
You're all alone now you're all alone now you're all alone again  
I said you're fucked up girl you won't come down don't take me  
down now no no you're all alone again  
Down  
I let you in  
Holding love and hold it in  
Feeling bad  
And looking thin  
Holding on and holdin in  
What  
What the fuck?  
Don't play with my heart  
I said what  
What the fuck?  
Don't play with my heart  
Who am I
