

## Missing You

### A Place to Bury Strangers

it's summer time  
as the clouds passed by  
calling your name  
calling your name  
on the golden sky  
didin't have to try  
to fall in love  
fall in love  
happends every time  
...  
I fell down  
...  
time passed by  
....  
....  
....  
i've never fall in love again x4  
summer time  
as the clouds passed by  
calling your name  
it's all the same  
on the golden sky  
didin't have to try  
to fall in love  
fall in love  
happends every time  
...  
I fell down  
I fall down  
time passed by
