

About The Dough (Jody's Interlude)

A-Reece

One hun'ed boy I promise I'mma get what's mine
Been hungry from the jump you know the story line
And it's really all about this dough
We don't wanna struggle no more
I'm too high for these problems
These two sided hoes plotting
Man it's really all about this dough
Not even taking chances with the Po'

"I don't see them or anybody
Got the semi by me for anybody
Yeah I'm from Uptown
Yeah I'm from Uptown
Eastside!
[?] and
I thank God I can say fuck one time
Man you know you two fucks one time
I thank God I can say fuck one time"

When you speaking to me look into my hungry eyes
Won't even blink not even a single twitch I can tell you lying
Those the perks of going through so shit a lot of times
Premonitions I'm having visions of my demise
I wouldn't even be surprised, either you wait for mines
I still got paranoia on my mind I keep looking behind me
Without A-Reece they run a loss I'm seeing niggas signing
Looking for someone like me but sadly you will never find him

We live in a movie and Mello got the camera
Driven forward and you niggas is some characters
We causing scene on scene in the game till today we still disappointed by these other characters
Ghetto hero's fall from all the twitter thuggin'
Trust me, I have seen them from buzzin' then straight to nothin'
I suggest you stop playing with thumbs mate
Coz you the one to end up in the slums mate

"23 hour lockdown. I'm the man up in this piece. You'll never see the light of... who the fuck do you think you're fucking with? I'm the police, I run s hit around here. You just live here. Yeah, that's right, you better walk away. Go on and walk away... 'cause I'm gonna' burn this motherfucker down. King Kong ain't got shit on me!"

One hun'ed boy I promise I'mma get what's mine
Been hungry from the jump you know the story line
And it's really all about this dough
We don't wanna struggle no more
I'm too high for these problems
