

Get it, get it, yeah  
I don't really care how you do it, just get it  
Uh, yeah  
Man

Yeah  
Fifty's on me and all the hundreds on all this bitches  
Bottles on me and a smoke on all my niggas  
(on all my niggas, on all my niggas)  
Tryin' to check me, I'm tryin' to check on all these figures  
I don't really care how you feelin'  
I don't really care how you get it (get it, get it)

What more can I say?  
What you expect to hear when niggas ask me about Flame?  
What makes you think I wanted it to happen this way?  
I was there before the money, she would never say the same  
How could you stick around and let her have her own way?  
She even go as far as throwin' dirt on my name  
How you let her come between us and the records we made  
Shit is crazy, but I figured, you just acting you age (Yeah!)

I don't really care how you do it, just get it  
I don't really care if I fit in, fit in

Whatever you decide let it not be in vain  
I just hope you realize your careers is at stake, yeah
