You gon realise what the timing is for
Classic over hit, that's the model I'm on
I'm here to make money we don't gotta get along
Man, I'm here to make music, no [?]
Remember last Christmas the lights went off
Now I'm on the dinner table with a knife and a fork
My ex thought I wouldn't even get this far
Tryna perform. manyora got quick to ignore
I'm planning a tour, homeys eager to talk
Things do change
I ain't even known yet, give me a couple more days
Yeah I mean days, not a month, not a year

Putting in work tryna make that clear
Some of you rapper can't run a whole lap
Consistency is what you niggas don't have
After an album you niggas go flat
Nobody's like me, I ain't got a match, NAH

Wa di bala, 'cause I ain't lying like numbers
And if you dare kick the flows I kick
O tlo ti-khama
