

# DIFFERENT THINGS

A-Reece

I know who you are

I know who you are  
I know you like different things  
Tell me what you want  
You could use a different name  
Whatever you want  
You could be in charge  
Show me who you are

I could roll  
We could smoke  
We should hit the road  
Somewhere far no one goes  
Make you lose control on the low  
No one knows  
You know how it goes  
You know how it goes

I could roll  
We could smoke  
We should hit the road  
Somewhere far no one goes  
Make you lose control on the low  
No one knows  
You know how it goes  
You know how it goes

Energy  
Feeling your vibe and your energy  
Jealousy  
They low key in love with our chemistry  
I know they wish it was ten of me  
Tell them you ain't gon' be sharing me  
Envy the way that you stare at me  
All they wanna do is embarrass me  
Security  
Might need to hire security  
When you show up they show insecurities  
Only cause they cannot match your maturity  
I could get you whatever you want  
But you ain't even looking for money or jewellery  
If you looking for more than just surety  
Than I fuck with you and your impurities

You know you a star  
I know who you are  
I know what you on  
Just you, me and this lemon haze  
Let's have a Minaj  
Let me take that off  
You could be in

You know you a star  
I know who you are  
I know what you on  
Just you, me and this lemon haze

Let's have a Minaj  
Let me take that off  
You could be in charge

I could roll  
We could smoke  
We should hit the road  
Somewhere far no one goes  
Make you lose control on the low

You know how it goes
