Mind full of dreams
Cause this shit is part of me
Straight from the gutter
Bitch, I know what poverty is

Mind full of dreams
Cause this shit is part of me
Straight from the gutter
Bitch, I know what poverty is

My mama ain't raise no bitch
My mama ain't raise no bitch
Where I'm from they raise them sticks
Better than they raise their kids
Doing what their fathers did
Those niggas no longer live
Plus mama ain't raise a snitch
My momma ain't raise a bitch
When it's real we raise the fist
Double back and make a flick
Run it back and make it flip
I was in 266 in Portia's crib
When I made that wish
That attitude made us rich
Y'all niggas ain't made like this
Swear to god I was made for this
On the mic I never miss
In the booth with a loaded clip
My momma ain't raise no bitch
I'm safe wherever I'm is
Got a twin, long beach
He crip
My momma ain't raise no bitch
My momma ain't raise no bitch
My daddy made way for this
My momma ain't raise no...
My momma ain't raise no bitch
My momma ain't raise no bitch
I was low key taking shifts
My mama said take that risk
Came up and it came to this

Mind full of dreams
Cause this shit is part of me
