

# EL DORADO

A-Reece

It's amazin' how they just keep acting like they know me  
Like somebody told these niggas Reece was handin' out a Tony (A  
nd the winner is)  
Already told you I've been fire since  
Even as a rookie, I was more like Allen Iverson in '96  
Sleepin' on the progress, they was gettin' cosy  
Didn't trust the process 'cause it happened slowly  
I was patient, never folded (Facts)  
Not even clothes inside the luggage bag  
Instead, I'm stuffin' all this cheese inside it like it's ravioli, paid in full (Yeah)  
Don't get excited, might just count it right in front of you  
And if I do, until I'm done nobody's goin' out the room (Nobody)  
Somebody 'round me walkin' with a stick  
I call him Master Roshi  
He made the pledge - He'd rather die before me, play it cool  
You know the motto, we ain't promised no tomorrow  
Every move come with consequences that follow  
Somebody should've told you that the City of Gold is no Eldorado  
o  
If only you knew what I know  
But, mi no hablo  
The game is so  
You lil' niggas seem to show interest in this  
Rap jungle, it's survival of the fittest  
And I'm spittin' like I'm nauseous  
I survived 'cause I'm the illest  
Bitch, my name should be inside the book of Guinness, uh

Might crack a bottle bro these niggas finished  
Be my witness timid like a model oh let's be specific  
I see why they livid I'd be mad if I ain't have this pivot  
Talk it like I live it, it was meant to be  
That's why you snitching styling on my victims tomahawk the bitch and read her symptoms  
Lost without the pimpin' use the magic for a better living  
Seek the bag, calling out they ass just stand on business I'm g on point and laugh  
The past 4 dimensions wasn't bad but I need more than that  
Passport next to the glizzy I had to let you know  
That we ain't never look for the pity we only taking cash  
I use to know that hoe but she silly that's unacceptable  
She loved to talk about how she get me I got up out there fast  
Never let 'em know yo next move it's a chess move  
They watched his chest move sleeping in vest is the next move
