Yeah
I got this, believe me, I got this
Yeah, I got this, believe me, I got this
Yo, yo

Yeah, look at what you do to me
You got niggas from your past throwing dirt at me
They just mad that when you land you in my side of town
They just mad they used to hit it and I'm hitting now
Grabbing all on your ass and tits thought that's just his
I smash this shit (I smashed that shit)
Grabbing all on your ass and tits thought that's just his
I smash this shit (I smashed that shit)

Yeah, trust me, I got this
I'd rather break the law than to break another promise
Since when is it ok to make these other girls a topic
I chose you but you treat me like I'm weighing up my options
I'm about to go touring
I can't be on the phone every time you try to call me
You too spoiled
How could you ever doubt that I'm coming back home to you
I'm doing all this for you, yeah

Yeah, look at what you do to me
You got niggas from your past throwing dirt at me
They just mad that when you land you in my side of town
They just mad they used to hit it and I'm hitting now
Grabbing all on your ass and tits thought that's just his
I smash this shit (I smashed that shit)
Grabbing all on your ass and tits thought that's just his
I smash this shit (I smashed that shit)

I got this, believe me, I got this
Yeah, yeah! I got this, believe me, I got this
Yeah, yeah! I got this, believe me, I got this, yah!
I got this

Look at what you do to me
You got niggas from your past throwing dirt at me
They just mad that when you land you in my side of town
They just mad they used to hit it and I'm hitting now
Grabbing all on your ass and tits thought that's just his
I smash this shit
Grabbing all on your ass and tits thought that's just his
I smash this
