Ain't no switching sides, me and my niggas decided
Taking a deep look inside of his eyes, I'm just trying to check
if he lying
You ain't gotta fuck with a nigga
My nigga just gotta be honest (honest, honest, honest)
Yeah

I'm with the gang, you know the location private
The studio is set up, there's too many flows and hooks
We somethin' like pirates, yeah
I'm back in the city, my exes can't wait till they find me
I'm looking around me, I'm watching for cops the smell on me loud as a siren
Your loyalty lies on me, then know if I eat you eat, yeah
She told me she want the D
Without it she struggle to sleep, yeah
Her actions are way outta pocket
She know my pockets is deep, yeah
She thinking Bonnie and Clyde
But I'm thinking Adam and Eve

It ain't that hard for my niggas to keep it at silent, yeah
Ain't no switching sides, me and my niggas decided
Taking a deep look inside of his eyes, I'm just trying to check
if he lying
You ain't gotta fuck with a nigga
