The whole time all week ha o dlale  
New posts, more likes, you smiling hah-ah-ah  
I see you got someone tonight  
Let's see how far it goes

I should've known better me and you don't click like that  
I'm ashamed, I can't believe I tried to cling like that  
Mama said it, you won't find a hoe that clean like that  
Took advantage of the fact, the main reason I rap  
With your cunning ways and that pretty face  
You could do some damage  
Couple dinner dates  
It's as easy as pie to cut the cake  
Just as easy as you sticking around to chow the paper  
Fellow slimes need to realize now and not later  
It's too late, it's too late  
These hoes is two-faced, they got two faces  
You look so real with your makeup on  
I can't distinguish between the real and the faker ones  
A bunch of creepers in the late night  
Texting I miss you in the same night  
I should've known, it was in plain sight  
I should've known when you had Saudi as your profile picture  
Or when you wrote a tweet saying Nasty C is your nigga

But then again I'm guessing this is the reason  
Why we always fuss and fight  
I mean you the reason why I always cuss on flights  
I'm sick and tired  
I hate it, I had enough  
You don't really like me  
I see it, it's just a bluff  
I can't believe I'm bumping Chris Brown's Loyal  
I can't believe I put it all down for you  
I put you in the map, girl you so spoiled  
I fucked you like a queen it was so royal  
Nou die las se o ntlwaela masepa  
This is not what I put in my time for  
And I'm past that, and I'm quarter to fucking off  
I'mma smoke all this weed and fuck all these bitches  
Sip on this lean and burn all these writtens  
Because they're mostly about you  
If not then they definitely for you  
But I should've know when you had Jodi as your profile picture  
Or when you wrote a tweet saying Emtee is your nigga

New day same nigga new hoe  
Too wavy more thicker red bone  
High heels high waist, deal lord she a ten  
I ain't worried 'bout you no more  
Long hair, natural no extensions  
I don't care, burn in hell do the [?]  
Life is good, she a twelve, you and six and

Her pussy good, even better than your shit and  
I wish you and 'em niggas a happy life  
Full of dog days, more arguments and cold nights  
Bad neck, three play, poor pipe  
Meaning bad seks more bad seks, yeah that's right  
New day same nigga new hoe  
Too wavy more thicker red bone  
Should've known when I put her as my profile picture  
That she your best friend  
Bitch come or came quicker
