

I'm Winning

A-Reece

Niggas talking but they don't do shit
I'm here to change that shit my nigga
Who would have thought this would happen?
Who would have thought this would happen like this?
Your boy is on now (woah!)
It's finally happening
Is it a dream or reality?
Either way I'm winning my nigga

All praise to the most high
I'm paid get booked now
I see clouds when I look down
Putting on my time
Everybody know my hood now
01 to the 2 now
Can I just take you to it?
Do it all through the music
Show you my true influence
And why I got new exclusives
And why I don't fuck with fame
And why I ain't never change
Every thing has its time
Nigga this time is mine
Let a young nigga shine
Let a young nigga shine
It's probably gon' take a while
I hope you stick around

Ba khuluma ngami help crazy these days
Think I see my gali I'm on TV these days
Ngiphet' iskeemi sami light up one azishe
Namanje skhoksho sami on my knees I still pray
That is why

I am winning
I am winning
I am winning
I am winning
I am winning
I am winning
I am winning
I am winning

Making out was a mission
Pray to the God that I did it
Made it this far cause I listened
I am doing me for a living
Used to be counting me out
Used to be cutting me off
Now they put me on the list
Like I don't know I'm the shit
I'm looking at all of these co-signs
Like where have the been for the whole time
They wanna feature the boy uhhh
They heard I'm making noise now
Ko kasi they fuck with the kid
It don't get better than this

Look at the way that I live
That's probably one of your wishes

Ba khuluma ngami help crazy these days
Think I see my gali I'm on TV these days
Ngiphet' iskeemi sami light up one azishe
Namanje skhoksho sami on my knees I still pray
That is why

I am winning
I am winning
I am winning
I am winning
I am winning
I am winning
I am winning
I am winning

Ba khuluma ngami help crazy these days
Think I see my gali I'm on TV these days
Ngiphet' iskeemi sami light up one azishe
Namanje skhoksho sami on my knees I still pray
That is why

I am winning
I am winning
I am winning
I am winning
I am winning
I am winning
I am winning
I am winning

What a time what a life!
Paradise
Ba khuluma ngami help crazy these days
Ngiphet' iskeemi sami light up one azishe
I still pray
Still pray
