

Live Once Interlude

A-Reece

Right?
Right? Right?
Yeah

Yeah
All eyez on me
As I play foolish
But I'm not worried if the night gets ruined
If I get drunk or if I act stupid
Just ask yourself
How do I maintain through it

When I die it won't be on me
When I made it, I blew it
R.I.P to Abloh
Her bag's from Louis
She might get drunk
Maybe we should try the d'ussè
They wondering
How do I maintain through it

I season the beef with the cheese I leave the stakes high
(How do I maintain through it?)
I'm doing me I don't give a fuck what they say now
Yeah, aye...

She called me superman
Said her numbers are in danger I should save them
Fabrizio Romano if I say it it's gon' shake them
Doing what I wanna I don't need your validation
It's my time on earth you can keep your affirmations

Yeah
All eyez on me
As I play foolish
But I'm not worried if the night gets ruined
If I get drunk or if I act stupid
Just ask yourself
How do I maintain through it

When I die it won't be on me
When I made it, I blew it
R.I.P to Abloh
Her bag's from Louis
She might get drunk, Maybe we should try the d'ussè
They wondering
How do I maintain through it
