

Losses

A-Reece

Yeah
This the shit I wanna go out to
Haha
Yeah, right
Shit I wanna go out to
Play this shit at my funeral
Aye aye

Yeah
This the shit I wanna go out to
Patience and wisdom is what this losses amount to
I wouldn't have wrote this if broski ain't taught me how to
How am I running this shit in my robe and house shoes?

I'm TBE this beat got me feeling like Floyd
CEO's NDA's when you chill with the boy
Before they even knew the face, they admired the voice
I was under the radar right up until they had that beeping noise
I keep the voice but in the booth I'm [?]
Undeniable they show me love cause they don't have a choice
Never filled up stadiums but the music is filling voids
Used to be broke and anxious now I'm rich and paranoid

Yeah
This the shit I wanna smoke out to
Patience and wisdom is what this losses amount to
I wouldn't have wrote this if broski ain't taught me how to
How am I running this shit in my robe and house shoes?

I need my payments in cash money like Young Mula
Y'all ain't drug dealers you drug users
When you said you sold base I really thought subwoofer
You niggas ain't shooters
Y'all never shoot rugers
Bitch I'm the industry's nightmare but I'm not Krueger
Rap God so when you see me you should sing Hallelujah
These niggas paying for views wish I could tell sooner
It's me against these bots the whole time like I'm Del Spooner
To hell with the damn rumors

This the shit I wanna go out to (Amen)
Patience and wisdom is what this losses amount to (Foreal)
I wouldn't have wrote this if broski ain't taught me how to (Facts)
How am I running this shit in my robe and house shoes?
Right?
How am I running this shit in my- uh
How am I running this shit in my robe and house shoes

Yeah that's about it
Nah we good you can cut it
Haaa
