

Make Up Your Mind

A-Reece

Ay, yeah, yay
Yeaah, yay, yay
Oh yeah yeah yeah yeah yeah yeah yeah
Yo, What up
Yeah

So make up your mind
Don't waste no time (Don't waste no time)
I got a lot of mommies that are popping for the boy
Baby fall in line
But I want you, you want me
I hope you do understand
Make up your mind
Stuna san tlale, an tlale

Baby I can get you out from that outfit
Am going to fuck you in your office
I cannot wait from 9 to 5
So when I arrive, I', going to beat the pussy up
No stalling, I hope you don't get fired
Ooh you're going to get fired
But it's funny that you're inspired
Spread them up wider, scream louder, don't fight it
You're just riding, put it deeper inside
Oh lord, oh lord
I want some more
Of your body
You know, you know
Etami ko sixty ninen
Yeah I love how we taste
So put it all up in my face
I'm a nasty motherfucker tell you straight
I can't even fun
So it's just who I am and I ain't gonna change

And I know that you fuck with it [x2]
Your ex didn't give a fuck, Did he?
I got the sauce, I got the sauce
Soo, let me show you how we do it right
Make you feel young again and more alive

So make up your mind
Don't waste no time (Don't waste no time)
I got a lot of mommies that are popping for the boy
Baby fall in line
But I want you, you want me
I hope you do understand
Make up your mind
Stuna san tlale

So if it was up to me
I will hit it all day, all week
The game on fleek
Hardly no emoji
Hashtag sex with A-Reece
The whole time it's supped on me
Hope you don't get tired, hope you don't get tired

You looking like a fruit salad
I know you're home alone
Homie shows up past 9
That's enough time
And I'm gonna get you climbing tonight
Oh lord, oh lord can't say no more
Girl you got it
I know, I know
You've done this before you ain't lying
Got worry about my age?
I'm old enough I got the game
I'm a dirty motherfucker tell you straight
Give your ass a little quickie in the toilet
When you're on your damn lunch break

And I know that you fuck with it [x2]
Your ex didn't give a fuck, Did he?
I got the sauce, got the sauce
Soo, let me show you how we do it right
Make you feel young again and more alive

So make up your mind
Don't waste no time (Don't waste no time)
I got a lot of mommies that are popping for the boy
Baby fall in line
But I want you, you want me
I hope you do understand
