

## On Our Own

A-Reece

If you wanna make this happen baby  
Can we make it private  
Roll some marijuana with a little Keef inside it  
Lost inside the moment  
Lets get higher than the sky is  
Its just me and you  
No one else here is invited

Dont you mind us, we minding our own  
Ignoring all the chats  
Miss me with all that  
Dont you mind us, we minding our own  
Doing what we wanna, we dont really care about what they say  
Doing what we wanna, we dont really care about what they say  
Doing what we wanna, we dont really care about what they say
