

# ONE TIME

A-Reece

Yeah

Yeah

One time, one time (Yeah, one time, two times, three times, how many times you wanna go?)

Right (Right)

One time for the niggas that be goin' independent

One time for the ones who never ended up switchin' (Haha, yeah)

Two times, three times, four times plus one (Let's go, yeah)

Six times for the seven figures on the table with us

(Wait)

One time for the niggas that be goin' independent (One time, yeah)

One time for the ones who never ended up switchin' (Yeah)

Two times, three times, four times, more times (Yeah)

Six times for the seven figures on the table with us

(Yeah)

I've been drinkin' all day, I've been smokin' all day (Ayy)

I've been smokin' all day, I've been sippin' Moët (Yeah, ayy)

One shot, two shots, three shots, four shots (Come again, yeah)

Say she wanna role play, it's gon' be a long day (Yah)

(Long day, long day, long day)

(One time, two times)

Yeah

Yeah (Woah)

I know they hate how he's always so serious (I know), mysterious

That shit got them more than just furious (Yeah)

Curious, thought you knew this shit came more with experience

Independent but never inferior (Nah), period (That's it)

Rest of you niggas delirious

Don't even ask if I heard your material, you serious?

They nose in my business like Phineas (Go, go, go)

Couldn't care less 'bout their opinions

I know they say attack it like Guillain

Don't they know I'm a giant? They minions

Whole different feelin' when you makin' millions

I cannot be a realer civilian

Too late to go back to the old days

They used to be my dogs, now they all strays

Whole different vision, a whole different campaign

Some injuries can't get healed by the bandage

Wait for this bag, and a whole 'nother bag came

Shit wasn't possible, now it's just mundane

Yes you had it but you couldn't sustain

Yes you had it but you couldn't maintain

It's no secret I'm focused on one thing

I could switch but it's not in my DNA (Keep goin')

Hit the Cape and I shut down the VNA (Shut it)

Niggas still in they spot but it's way too late (Too late)

I'm the king of this shit, I'm the Head of State (King)

Ain't a part of this shit don't affiliate

Ain't a part of this shit don't- wait
