

Prayed Up

A-Reece

Give it some time

Yeah, lightin' up [?] as soon as I wake up
Shouts to the most high I gotta stay prayed up
Shouts to my day-ones showing me the same love
Came up from that [?] where I came from
Stay low into the code, I ain't gotta say much
Niggas switch, get disloyal, that ain't us
Remeniscing on the days back when they ain't paying much
These days they give to me, I don't pay non'

Ay, yeah, yeah
Yeah, I'm at a point in my life
Where it's all about money and taking a risk
Fuck all that looking up shit, I ain't trying to be cool
We ain't got to be friends
I got nobody I owe
I got a whole lot of money to spend
She blow me, I blew it an O
I guess a young nigga blew it for real
Ay, I got a lot on my plate
You don't do much in a day
You just get on your phone and you hate (Wait)
Ay, I got a smile on my face
I don't do much to get paid
I just show up and hop on the stage
I'm at a point in my life where [?] make sure to see me as a [?]

Shit is too real in the city
I almost got set up because of a bitch
I gotta be on the low
Because I gotta be at the top at the end
She
She blow me, I blew it an O
I guess a young nigga blew it for real, ay
