Steady rollin' up that premium zaza
Pray before I smoke
I'm feelin' like a Rasta
These days I even smoke out the casa
Just to look up to the sky, shoutin' all the mantras
So you already know, this one I cannot roll it with the bros
Smokin' this one solo solo
Steady rollin' up that premium zaza
Pray before I smoke, I'm feelin' like a Rasta
These days I even smoke out the casa
Just to look up to the sky, shoutin' all the mantras
So you already know, this one I cannot roll it with the bros
Smokin' this one solo, solo
Pray before I smoke
I'm feelin' like a Rasta
These days I even smoke out the casa
Just to look up to the sky, shoutin' all the mantras
So you already know, this one I cannot relate with the bros
Smokin' this one solo, solo
