

WANT IT ALL

A-Reece

Want it all
You always tell me that you want it all
Then why'd you go ahead lie
Why do you have to give up, baby?
Girl, just think about
Why the hell would you would want that
Or feel that you need that
You don't need that (Want it all)

(Yeah)
Blood, sweat and tears compressed in a beat
Makin' the listeners weep
Roll up, wrap and repeat
Givin' 'em somethin' to feel as if they unable to see
Thirty thousand feet above the sea, I'm unable to sleep
Fans want an album release, yeah
My girl wanna go on retreat
Close ones restin' in peace
No love 'til you deceased
That's why I move like I'm havin' Indian food 'cause I always choose to brea
k bread over the beef
My niggas want it all but they stuck in the streets
Reality's bleak, now the mentality's weak
Chances of succeedin' lookin' slimmer than Bella Hadid
Charge it to the game, nigga, keep the receipts
Had to take one for the team
Dusted it off and got back on my feet
Movin' forward, makin' plays for real like my name is Karim
Always told you I wanted it all
You thought it's just another one of my character flaws (I know)

Want it all
You always tell me that you want it all
Then why'd you go ahead lie
Why do you have to give up, baby?
Girl, just think about
Why the hell would you would want that
Or feel that you need that
You don't need that (Want it all)

Want it all
You always tell me that you want it all
Then why'd you go ahead lie
Why do you have to give up, baby?
Girl, just think about
Why the hell would you would want that
Or feel that you need that
You don't need that

See me love
All you ever did was want it all
Did you ever even want the love?
'Cause all you ever did was hurt
And do you ever wanna see me love?
And did you ever think of holdin' on?
Did you ever wanna call me later?
All you ever did was hurt

See me love
Want it all
Want the love
Hurt
See me love
Holdin' on
Call me later
Hurt
