```
blind to the answers, find yourself,
walk for the moment, find the reason in yourself,
there's a reason, there's a reason for you and i,
there's a reason, there's a reason for you and i,
take this time to find a meaning,
a reason to sit back and measure the worst 6 years of my life,
waiting for your legs to close on my best friends,
last night i saw your life flash before my eyes
why did i laugh so hard baby? (you won't be back)
i never meant to hurt you (but i did)
and i'm sorry that you cried so hard darling, (you won't be bac
k)
i'll never hurt you again
take this time to find your tongue,
a sorry excuse to stop your lies,
the best 30 seconds of my life,
my angel take your pills,
my angel i sold your ring,
and now you're speechless
and i can't stop laughing
why did i laugh so hard baby? (you won't be back and i'm still
laughing)
i never meant to hurt you (but i did)
and i'm sorry that you cried so hard darling, (you won't be bac
k)
i'll never hurt you again
why did i laugh so hard baby? (you won't be back and i'm still
laughing)
i never meant to hurt you (but i did)
and i'm sorry that you cried so hard darling, (you won't be bac
k and i'm still laughing)
i'll never hurt you again
i didn't want it this way,
well, i hope that you are happy where you are (you should have
left me sleeping)
and i'm glad to say i put you there i put you there (you should
have let me sleep...)
well, who's the one who's laughing now (now there's nothing lef
t to say...)
i'm the one who's laughing now, yeah (...i hope you're feeling
```

my embrace, and i can't sleep)
well, i hope that you are happy where you are (now there's noth
ing left to say...)
and i'm glad to say i put you there, i put you there (...i hope

you're feeling my embrace, and i can't sleep)
