

Disco Dancin'

A Taste Of Honey

Ah yeah
Dance, dance, dance
Dance to the rhythm, baby

While you're dancing and romancing
To the boogie rhythms of the disco sound
Make each motion and each notion
That your ultimate desire is to get down

Disco dancin', disco dancin'
To the sound of solid, sexy disco soul
Disco dancin', disco dancin'
Let the rhythms bring us closer to our goal

On the floor now, you're for more now
'Cause you dig just where this music's comin' from
Wear your shoes out, let your blues out
When there's something on your mind, it's going to come

Disco dancin', disco dancin'
Getting your thing off and somethin' on your mind
Disco dancin', disco dancin'
Revolutionary shakin' your behind, ah

On the floor now, you're for more now
'Cause you dig just where this music's comin' from
Wear your shoes out, let your blues out
When there's something on your mind, it's going to come

Disco dancin', disco dancin'
Getting your thing off and somethin' on your mind
Disco dancin', disco dancin'
Revolutionary shakin' your behind, disco

Oh yeah, ah
Dig just where this music's comin' from, yeah
Let it out, there's something on your mind
Disco dancin', disco dancin'
