

Say That You'll Stay

A Taste Of Honey

If you feel what we're feelin'
And your heart and soul are willin'
If you dare to live your fantasy
We will guarantee you ecstasy

(Bah di opp) one chance and baby you'll see
(Bah di opp) we'll be so very happy
(Bah di opp) I'm askin' in the name of love
Say that you'll stay

I see your eyes are cravin'
And I hear what they are sayin'
You-oh-oh-oh, ain't got nothin' to lose, baby
I'm holdin' out my hand to you

(Bah di opp) one chance and baby you'll see
(Bah di opp) we'll be so very happy
(Bah di opp) I'm askin' in the name of love
Say that you'll stay

(Bah di opp) come play with me a little while
(Bah di opp) I'd like to make you smile
(Bah di opp) tonight I'll give you love and more
Say that you'll stay

Give you honey in the mornin'
Just a taste will keep you wantin'
Sweetness that will light your fire
Better, keep you burnin' with desire

(Bah di opp) one chance and baby you'll see
(Bah di opp) we'll be so very happy
(Bah di opp) I'm askin' in the name of love
Say that you'll stay

(Bah di opp) come play with me a little while
(Bah di opp) I'd like to make you smile
(Bah di opp) tonight I'll give you love and more
Say that you'll stay

Hey, hey say that you'll stay with me for a little while
I'd love to make you smile

(Bah di opp) one chance and baby you'll see
(Bah di opp) we'll be so very happy
(Bah di opp) I'm askin' in the name of love
Say that you'll stay

Hey, hey say that you'll stay with me for a little while
I'd love to make you smile

(Bah di opp) come play with me a little while
(Bah di opp) I'd like to make you smile
(Bah di opp) tonight I'll give you love and more
Say that you'll stay

Hey, hey say that you'll stay with me for a little while

I'd love to make you smile
