

## Sky High

## A Taste Of Honey

There's something about your smile  
That drives me wild  
It's so very good to me  
This must be ecstasy

Loving you's the highlight of my life  
Everything is so alright  
Every time you touch me, you send me  
On a magic carpet ride through paradise  
Visions flowing through my mind  
With you, it's so divine  
Loving you's the highlight of my life  
Everything is so alright

Every time you touch me, you send me  
Sky high (Sky high)  
Sky high (Ooh, baby)  
Sky high (Sky high)  
Sky high  
Sky high (Sky high)  
Sky high (Ooh, baby)  
Every time you touch me, you send me

I just cannot believe  
What you do to me  
Voices whispering in my ear  
Telling me that love is here

Loving you's the highlight of my life  
Everything is so alright  
Every time you touch me, every time you touch me  
You send me  
On a magic carpet ride through paradise  
Visions flowing through my mind  
With you, it's so divine, yeah  
Loving you's the highlight of my life  
Everything is so alright

Every time you touch me, you send me  
Sky high (Sky high)  
Sky high (I can't believe it)  
Sky high (Sky high)  
Sky high (What you doin' to me?)  
Sky high (Sky high)  
Sky high (Ooh, baby)  
Every time you touch me, you send me

Sky high (Sky high)  
Sky high (You're taking me)  
Sky high (Sky high)  
Sky high  
Sky high (Sky high)  
Sky high (Oh baby, baby)  
Every time you touch me, you send me

Sky high (Sky high)  
Sky high (Ooh)

Sky high (Sky high)  
Sky high (Your love)  
Sky high (Sky high)  
Sky high (Oh baby)  
Every time you touch me, you send me  
Sky high
