

Closer to Perfection

A*teens

Clo-ser, to-to perfection
Clo-ser, to-to perfection

Closed every door
Puttin' everything aside
Hooked onto you
And my life was passing by
I stood in a cloud of dust
Blinded till you cut me off

[Chorus]
I'm back in the light
Getting over you
Now I got it together
I'm stronger than ever
Back on a track with a better view
And I'm getting closer to perfection
Cause of you

Clo-ser, to-to perfection
Gone in a beat
Suddenly out of my sight
Shook me around
Like a thunder bolting strike
I stand in the light of faith
I thank you in so many ways

[Chorus]

Closer perfection cause of you
(dont-dont-dont-dont-dont-dont-dont-dont-get-get-get-get-get) [2x]

All the things I wouldn't do
Without holding onto you
Lost in the dark
Til you left me with a clue

[Chorus 2x]

And I'm getting closer to perfection
Cause of you
