

Carry Me

A Thousand Horses

Do you feel me?
Do you feel at all?
Or I am just another one
You've done wrong?

But I don't need get even
Cause I'm gonna run around your mind
And the guilt's gonna build up way deep inside
Way deep inside

And you're gonna carry me
You're gonna carry me
When your heart gets heavy and cold
And you thread the needle of what you've sewn
You're gonna carry me

Are you listening?
Did you try?
Sorry's a word that
Only you describe

I got your game figured out
And I've let you go
Cause time will pull the trigger and send you up the river
To drown in all the lies you told
Yea drown in all the lies you told

You're gonna carry me
You're gonna carry me
When your heart gets heavy and cold
And you thread the needle of what you've sewn
You're gonna carry me

You're gonna carry me
You're gonna carry me
When your heart gets heavy and cold
And you thread the needle of what you've sewn
You're gonna carry me

You're gonna carry me
When your heart gets heavy and cold
And you thread the needle of what you've sewn
You're gonna carry me

You're gonna carry me
You're gonna carry me
When your heart gets heavy and cold
And you thread the needle of what you've sewn
You're gonna carry me

Won't you carry me carry me carry me carry me carry me
Carry me carry me carry me carry me
Oh yeah won't you carry me
When your heart gets heavy and cold
And you thread the needle of what what you've sewn
You're gonna carry me
