

First Time

A Thousand Horses

Now, I ain't ever been the kind for fallin'
And I ain't ever been the one to call
But here I am just a knockin', knockin'
Like hail on a tin roof falls, alright

Now, I don't know if it's the way you kiss me
And I can't tell if it's the way you talk
And all I know is that you hit me, hit me
Like a bottle in a bar room brawl

There's a first time, first time for everything
It's a fine line, ooh between love and crazy
Right now I'm feelin' just a little bit of both
You got me climbin' like there's fire on the rope
I guess it's true what they say baby
There's a first time, first time for everything, everything

I ain't afraid of bein' wild and reckless
I ain't scared of any man I meet
But for your love I'm helpless, helpless
S.O.S. rollin' in the deep

There's a first time, first time for everything
It's a fine line, ooh between love and crazy
Right now I'm feelin' just a little bit of both
You got me climbin' like there's fire on the rope
I guess it's true what they say baby
There's a first time, first time for everything, everything

There's a first time, first time for everything, oh yeah
And there's a fine line, oh between love and crazy, crazy, crazy
y

There's a first time, first time for everything
There's a fine line, ooh between love and crazy

There's a first time, first time for everything, oh yeah
