

# Southernality

## A Thousand Horses

Yes sir, yes ma'am talk with a drawl  
Ain't much for runnin' less, we're runnin' from the law  
We like our ladies sweet like we like sweet tea  
And we know how to treat 'em, it's our southernality

Laid back, way back simple southernality  
Flag flyin', sun shinin', red, white, blue and free  
Old ball cap, pair of worn out jeans  
Boots and a buckle that's how we lean  
Laid back, way back simple southernality

Ain't afraid to work hard 'cause we gotta get paid  
Like an ice cold beer at the end of the day  
Mean what we say, go and carve it in stone  
Yeah these roots run deep down this old dirt road

Laid back, way back simple southernality  
Flag flyin', sun shinin', red, white, blue and free  
Old ball cap, pair of worn out jeans  
Boots and a buckle that's how we lean  
Laid back, way back simple southernality

Laid back, way back  
Tell 'em boys  
Laid back, way back

Laid back, way back simple southernality  
Flag flyin', sun shinin', red, white, blue and free  
Old ball cap, pair of worn out jeans  
Boots and a buckle that's how we lean  
Laid back, way back simple southernality  
Flag flyin', sun shinin', red, white, blue and free  
Old ball cap, pair of worn out jeans  
Boots and a buckle that's how we lean  
Laid back, way back simple southernality
