

B4 I Walk Away

A Toys Orchestra

Before the radio turns on
Before the coffee getting cold
Before the dew evaporate
Before i walk away, i walk away, i walk away
Before my watch stops to run
Before an eyelid touches the other one
Before 8 became 9
Before i loose my mind
Before i loose my mind
Before i search the way i'll find
Before i drink down this glass of wine
Before i change my mind again
Before the egg or before the hen
Before to know how where and when
Before i say "before" again
Before i look ahead
Before i retrace my steps
Before i walk away again
