

## Best Behavior

A-Wall

And I been on my  
Best behavior  
I've tied myself down  
Back to planet earth  
I'm fresh outta rehab  
This time I hope it works  
But I can't help feeling  
I think I might be cursed  
In love  
In life  
In drugs  
Hell of a night  
In love  
In life  
In drugs

Fuck what you believe in  
They say this depression come in seasons  
Tell myself I need it every weekend  
Twenty-twenty I'ma get my revenge (My revenge)  
I mean it  
But you got all this baggage beside you  
Bags under your eyes and they not even designer  
Not even designer  
Two hits and I'm sliding  
Cruising in the night  
Gotta work that nine to five yeah  
Work that nine to five yeah

I work that nine to five yeah  
I got my hustles on the side yeah  
I got my drink I got my high yeah  
That's what I like  
That's what I like  
Fuck it up  
Fuck it up

And I been on my  
Best behavior  
I've tied myself down  
Back to planet earth  
I'm fresh outta rehab  
This time I hope it works  
But I can't help feeling  
I think I might  
Check my vibe  
Nothing nice  
Got my dogs  
They gon' bite  
Tanjiro  
I got demons when I see em'  
It's on sight  
It's on sight  
I just might  
Cop a flight  
Outta spite  
I don't know

Where to go  
Gotta feeling  
I don't like  
I don't like yeah  
I'm off somethin' slight yeah  
That's my favorite vice yeah  
I switch on the brights  
Keep it moving every night yeah  
Bet I won't I might yeah  
I'm gon' pay the price yeah  
I'm gon' lift my curse and I put that on my life
