A-Wall

I don't know what the hell is going on with me  
I can't think straight and I been missing out on sleep  
Look at my face and tell me who the hell you see

I gotta get out  
I gotta get out  
It's getting really weird I'm bout to lose my mind  
Can't shake this feeling like I'm running out if time  
Long as I make it to the weekend I'll be fine  
I gotta get out  
I gotta get out  
I don't know what the hell is going on with me  
I can't think straight and I been missing out on sleep  
Look at my face and tell me who the hell you see  
I gotta get out

I'm stuck in my mind again  
How can I shut you out?  
I can't let em box me in  
I can't let em shape my sound huh  
Can't give up all my plans  
No I can't give em all my routes  
Look I'm falling behind again  
I gotta get out  
I gotta bring all my friends  
That really means all my friends  
Nobody left out  
No man  
And I gotta rep all their brands  
Pay homage whenever I can  
I gotta go platinum man  
I don't really got a backup plan

I gotta get out  
I gotta get out  
It's getting really weird I'm bout to lose my mind  
Can't shake this feeling like I'm running out if time  
Long as I make it to the weekend I'll be fine  
I gotta get out  
I gotta get out  
I don't know what the hell is going on with me  
I can't think straight and I been missing out on sleep  
Look at my face and tell me who the hell you see  
I gotta get out
