

# Light Speed (Signals)

A-Wall

I'm sending out some signals (yeah)  
Do you read me?  
Can you hear me?  
Look at the sky, tell me now, do you see me?  
I'm so alone here  
Need you to feel me, yeah  
I'm sending out some signals (Signals)  
Do you read me? (Read me)  
Can you hear me? (Hear me)  
Look at the sky, tell me now, do you see me? (Now do you see me)  
I'm so alone here (I'm so alone here)  
Need you to feel me (Need you to feel, need you to feel, need you to feel, o  
kay)

Five hundred light years away  
Stuck floating up in space  
Sending signals from my spaceship  
I'm running out of oxygen  
My food supply is getting thin  
I only got a couple days left  
But I know (Yeah I know)  
What I need (What I need)  
I could use some of your energy  
Take a ride and come see me  
You know that I need it (You know that I need it)

I'm sending out some signals (yeah)  
Do you read me?  
Can you hear me?  
Look at the sky, tell me now, do you see me?  
I'm so alone here  
Need you to feel me (Yeah)  
I'm sending out some signals (Signals)  
Do you read me? (Read me)  
Can you hear me? (Hear me)  
Look at the sky, tell me now, do you see me? (Now do you see me)  
I'm so alone here (I'm so alone here)  
Need you to feel me (Need you to feel, need you to feel, need you to feel, o  
kay)

Ooh, tell me how you got so fine, yeah  
Ooh, tell me how you got so nice, yeah

I was tryna take to you to the light speed  
Skip to the party when you like me  
Now your boyfriend wanna fight me  
Then things got a little dicey  
Now I'm zooming, I'm gliding  
New space shuttle, I'm driving  
Girl you know you really wanna ride it, yeah

I'm sending out some signals (yeah)  
Do you read me?  
Can you hear me?  
Look at the sky, tell me now, do you see me?  
I'm so alone here  
Need you to feel me, yeah

I'm sending out some signals (Signals)  
Do you read me? (Read me)  
Can you hear me? (Hear me)  
Look at the sky, tell me now, do you see me? (Now do you see me)  
I'm so alone here (I'm so alone here)  
Need you to feel me (Need you to feel, need you to feel, need you to feel, o  
kay)
