

White Desert

A-Wall

Walking through a white desert
Loneliest I ever been
Trying to grow into a man
Get my toes in the sand
But I don't really understand
Where I been, Who I am
I ain't really got a plan
Please just guide me by the hand

Tell me 'bout yourself tell me why you came
Tell me 'bout your pain
How you plan to change And still stay the same
No this ain't no game, rearrange your brain
How you plan to do them things you know you came
Yeah how you even losing faith
Yeah you don't really even pray
No you don't ever say
What you feeling

What are you feeling right now
I'm stuck inside my room thinking about my life
All my wrongs and all my rights
I wonder if all my dreams will come to life before I die
Or lose my mind

Honey I am gassed up then I gotta pass
Driving real fast
Hope I don't crash
Gotta get some gas
I ain't got no cash
Where my wallet at
You better wake up, wake up
Get your paper, paper
Can't get laid off, laid off from your day job, day job
They will try to fire you
They gonna try to stop you, all the nights you stayed up
But you never say just what you feeling
What are you feeling, right now

I'm stuck inside my room thinking about my life
All my wrongs and all my rights
I wonder if all my dreams will come to life
Before I die, or lose my mind

Are you fine now?
Take your time now
You all fine, take your time
Are you fine now, realise now
It's all in your mind now, take your time
You going to find

I'm stuck inside my room thinking about my life
All my wrongs and all my rights
I wonder if all my dreams will come to life before I die
Or lose my mind

Walking through a white desert

Loneliest I ever been
Trying to grow into a man
Get my toes in the sand
But I don't really understand
Where I been, Who I am
I ain't really got a plan
Please just guide me by the hand
