

Devil Don't Know

A Wilhelm Scream

Looking for someone to bless you?
You know I do what I do
Punch drunk, in a haze
In disorder. In that order
Say a Hail Mary, you'll catch a fish
Won't save you from my nonsense
Smoked to death, I got nerves to wreck
Don't forget: I'm in your corner

I decided long ago to throw those years away
Used to be in misery, but no more
I know I've been a sinner, that's just my history
The devil don't know I'm dead yet
The devil don't know I'm dead yet, so don't tell 'em

Shit lists, I've been on a few
I'll make some more before I'm through
Ripping through my veins, ice water
And if you wanna, call me after midnight
I'll be listening to Running With The Devil

I decided long ago to throw those years away
Used to be in misery, but no more
I know I've been a sinner, that's just my history

The devil don't know I'm dead yet
The devil don't know I'm dead

Sometimes the choice is the stick or the whip
Either way I don't give a shit
We all got to pay dues
'Cuz when you're Rocking In The Free World, it don't come cheap
And that's the way it'll always be
'Til I'm old and gray
Til I'm dead to the world, I've got a show tonight

So call me after midnight
I'll do the same, in your honour, 'til I'm a goner

I decided long ago to throw those years away
Used to be in misery, but no more
I know I've been a sinner, that's just my history
The devil don't know I'm dead yet
The devil don't know I'm dead yet
The devil don't know I'm dead yet
The devil don't know I'm dead yet, so don't tell 'em
