Fun Time

A Wilhelm Scream

All day long, I sing this song
And it's driving me insane
All day long, I sing this song
Then I stop and sing it again

I don't know how it begins
I just know it never ends
I feel like singing this song
When I'm singing with my friends

When we're chasing every bottle with the worm
Nothing to be embarrassed of
Gonna shout till my voice cuts out
I turn maniac (Wa-oh)
Fly right off the tracks
I can't relax
I can't calm down

All day long, I sing this song
And it's driving me insane
All day long, I sing this song
Then I stop and sing it again

Nothing to be embarrassed of
Gonna shout till my voice cuts out
I turn maniac (Wa-oh)
Fly right off the tracks
I can't relax
I can't calm down

I don't know how it begins
I just know it never ends
I feel like singing this song
When I'm drinking with my friends

When we're chasing every bottle with the worm
Nothing to be embarrassed of
Gonna shout till my voice cuts out
Nothing to be embarrassed of
I turn maniac (Wa-oh)
Fly right off the tracks
I can't relax
I can't calm down

When we're chasing every bottle with the worm
When we're chasing every bottle with the worm
Chasing every bottle with the worm

All day long
All day long
