

Mushmouth

A Wilhelm Scream

It's been some time since I heard you say "Fuck off, you fuckin
g scumbag, give me my life back and let the dog in on your way
out." I try to focus on what I want to say, but my four sentenc
e diatribes turn into jumbled lies. Can't I be like Mush Mouth
and bullshit my way through? If only every day could be a day f
or me and noone else. Can't I do anything to make you want me?
Why can't I make plans and be a real man, we'd play Parcheeze l
ike psychopaths. I'm not as stupid or fucked up as you think. I
'd be around all the time, but you'd just throw me aside. I'd r
ather go home alone. It won't be like this for long.
