

## Oranges on apple trees

A

Oranges on apple trees  
Birds that mate with bumblebees  
Oranges on apple trees  
Water comes and water goes  
Where it ends up no one really knows  
Water rises, water falls  
Where it comes from no one knows for sure  
It seeps from every pore

We have seen the rain before  
Not like this - it's flooding every shore  
People come and people go  
I can hear their laughter through the door  
But no one's keeping score  
Oranges on apple trees  
Birds that mate with bumblebees  
One big happy family  
Endless possibilities  
(yeah and more)

Oranges and apple trees  
I see your face in front of me  
Can't believe what no one else could see  
I feel it deep inside of me  
Everything we love shall be released  
And everyone will see  
Oranges on apple trees (for sure)

I used to be the only one  
Not now since you've come  
You and I have seen the signs  
That's why the wind died  
The wind died

That's why Oranges on apple trees  
Birds that mate with bumblebees  
Endless possibilities (now)  
Oranges on apple trees  
All the things that we can see  
Multi-gender wannabes  
Oranges on apple trees  
Birds that mate with bumblebees  
One big happy family  
Endless possibilities (yeah yeah yeah)  
Oranges on apple trees (for sure)
