

# High and Dry

A1

Maybe I don't even exist  
So I'll stay anonymous  
It's over and the situation shouted in shame  
And they say it's down to us  
But what do they know

So write, this time  
Till it's starting or ending  
I'll never get tired of your lies

But what you've got to visualize

It's so intoxicating  
We either get it high or go dry

Either get it high or go dry  
This time

I see you're playing that song again  
You never show your hand  
To let me in

You keep it all inside yourself  
And cry to no one else  
But I catch your tears

So I write

So I write, this time  
This time

Till it's starting or ending (starting)  
I'll never get tired of your lies

But what you've got to visualize (oh, oh)

It's so intoxicating  
We either get it high or go dry  
Either get it high or go dry

Either get it high or go dry

You say this love will see another day  
But at least tonight  
You'll be mine

So I write (so I write), this time (this time)  
Till it's starting or ending (starting or ending)  
I'll never get tired of your lies (oh, oh)

But what you've got to visualize

It's so intoxicating  
We either get it high or go dry  
Either get it high or go dry

Gonna go, gonna go

Gonna go high or get dry  
Yeah, yeah (either get it high or go dry)  
We either (go dry)

(high and dry)  
(no...) either get it high or go dry  
(high and dry)  
(we either go)  
(high or dry) (no...)  
So I write (this time, baby, this time
