

## Lovesick

A1

They said I should leave her but I won't  
Thinking of ways to walk away now but I don't  
Even if I could find a cure then I wouldn't try  
Cuz there's no way that I can say good bye

I need your  
Love (6x)  
Give me your love sick (2x)  
Give me that  
Love (6x)  
Give me your love breaks  
Give me your love sick  
Give me that love  
Give me that give me that love (4x)

They said I was wastin' time with you  
Said I was crazy only one thing I should do  
But I know the pill that I should take it taste bitter  
Guess I'm addicted to the pain you put me through

Now  
Yeah gonna be that rhythm something you wanna be that be that r  
hythm something (4x)

I need your love  
Baby I'm, lovesick  
Give me that love  
Give me your love breaks  
Baby I'm, lovesick

Give me that  
Love (6x)  
Give me your love sick (2x)  
Give me that  
Love (6x)  
Give me your love breaks
