

# Spiders

A1

It's not you  
It's not my fault  
It's complicated  
We fed them lies  
We crept and crawled  
Until they ate it

Fooled them one by one  
We hid we bit our tongue  
I guess we went one step too far

My heart's like a drum  
Beating out of my chest  
All the lies that we spread will come bite us  
Now the damage is done  
Even if we confess  
We've been spinning a web  
Like spiders  
And the lies that we spun  
Are unravelling, yes  
Now we're caught up in a sticky situation  
We've been spinning a web like spiders

Spiders, spiders, spinning a web  
Spiders, spiders, spinning a web  
Spiders, spiders, spinning a web  
We've been spinning a web like spiders

We kept the truth  
Hid in plain sight  
We celebrated  
We laid in silk  
We wrapped up tight  
And suffocated

Like poison through your veins  
It sucks the life out of you  
Then it leaves you paralyzed

My heart's like a drum  
Beating out of my chest  
All the lies that we spread will come bite us  
Now the damage is done  
Even if we confess  
We've been spinning a web  
Like spiders  
And the lies that we spun  
Are unravelling, yes  
Now we're caught up in a sticky situation  
We've been spinning a web like spiders

So beautiful and so alluring  
You can't stop yourself from falling  
You better know there's no escaping now  
No, once you're in there ain't no getting out  
So beautiful and so alluring  
You can't stop yourself from falling

You better know there's no escaping now  
There no getting out because now

My heart's like a drum  
Beating out of my chest  
All the lies that we spread will come bite us  
Now the damage is done  
Even if we confess  
We've been spinning a web  
Like spiders  
And the lies that we spun  
Are unravelling, yes  
Now we're caught up in a sticky situation  
We've been spinning a web like spiders

My heart's like a drum  
Beating out of my chest  
All the lies that we spread will come bite us  
Now the damage is done  
Even if we confess  
We've been spinning a web  
Like spiders  
And the lies that we spun  
Are unravelling, yes  
Now we're caught up in a sticky situation  
We've been spinning a web like spiders

Spiders, spiders, spinning a web  
Spiders, spiders, spinning a web  
Spiders, spiders, spinning a web  
We've been spinning a web like spiders
