

(ST, what you tellin' me?)  
(TCZ made this one)  
(A motion picture by Aaron)  
(Ay, Tweeko mixed this, you know, it sounds cold)

Could have been out on the pitch doing chops  
But I'm out on with the chops no Taekwondo  
Yo, Shelly wanna dance with the gang  
Can we get back Shelly wanna dance with poles  
Old school days it was glides on the bus  
But now I'm in a German, ride out Glo  
My young G's stepped out tryna make a paigon fly high like UFO  
And they say I'm a star with a block  
I shine so bright, shine bright like a diamond  
And bro-bro couldn't rock with the barbers  
Really wanna shave them paigon clients  
I don't discriminate on violence, you can get got if you fuck with the niner  
s  
And they boy got got like, uh, call me [?] man I'm coming like Myers  
Too bad niners like to the tridents

Flick shank quick fist, exciting  
Can't ask if on ride, it's already decided  
Yo, we roll eight deep like Brian  
We got big man too Armin it's Titans, slide  
They don't do with this frying  
They're into the hiding so we can't on-sight 'em  
But broski's pissed, he's going on ride  
He's telling me he should have just knifed 'em  
It's always 'empty threats' till we pull up on smoke  
That's what we said, we got your boys on ropes  
Do it like Izzpot ching a man Live'O  
Then get rid of waste something like lipo  
Just ring my sons nothing like zygote  
This beef too hot something like Kyrode  
This road game telling bro side-code  
They ain't talking to me hashtag thigh poke

Now it's back to the T trying to rip that yay  
Your bae-bae wanna taste my yay  
We circle the opp-block lurking caught me an opp and he froze like yay  
Let's ching a man down trying to put him in a J  
They don't really want beef cause I really foul play  
Now it's time to, celebrate, cause the gangs on top  
On top, on top, like oliwashe  
And why oh why do they envy me  
True-say that we're winning this beef  
So man don't care like JME  
Cah we got more food and we got more P  
Now they want tell lies on drill type beats  
And I'm really on the back road geez, slide  
Nigga go ride for your ski cause he nearly could of be on RTÉ

Five days in a row not a snapchat streak  
Love baking the trap when I count my P's  
Got things I got to do never mind these neeks  
Opp boys love talk on my name  
Big man got dropped with a blade  
Suns out and I got my shades no shot I'm trying to get lit in the States  
Little man Rex can't take off his shirt, cah his chest got done in the worst  
Don't cap you ain't mashing no work  
Got love for my bro like Von and Durk

A's up when I got me the baddest B  
As you can see she's in love with the D  
Empty the clip till the clip's on E  
You get banged like F if you bark man's G

Tobz and I, that's Chemistry  
Put him in a J, respectfully  
Spill that KA, bare burgundy  
Spill that KA, bare juice gon' exit  
Leave like Brexit, do it and cut  
Everyone screaming out 92K till the 92's pull up and leave man uh
