

They said I'm really old news so I had to flick the switch
Give it to them old school but imma add a little twist
They don't know the struggle they know the work I'm putting in
Should've seen the way she scream when she let me put it in
I don't wanna break the brick
I don't really like to mix
Yh We goodie on my side
My brothers drummers roll with sticks
Me and Brodie robbed the belly now we gotta spilt the lick
Double shots fucking Henny now she's splitting on the dick

Yh I'm Irish
I love fighting
The birds love me cause the watch is full of diamonds
I put Byne in I'm front lining
If I'm lying then I'm flying
Yh I'm Irish
I love fighting
The birds love me cause the watch is full of diamonds and
No stress cause my brothers got me shining
If I'm lying then I'm flying

On my wrist a Audemar
I be aiming for the stars
Couldn't fit the McLaren
Told them I need bigger cars
Told them I need bigger whips
Mob ties in my bits
Brodie ain't a instrumentalist but he got drum clips
Yo the Key from the medaine
By any means I feed the feen
Watch collect looking wham
Still need that Patek Philippe
I'm tryna show I'm versatile
Got junkies on the ketamine
Two girls on my side
Uno I'll love it when I'm in between
Yo Chelsea how's your touch
This girls on her toes
I'll be on my bike if feds driving up the road
The oops tryna push my button
But the whip push to go
2023 know my focus is really on the throne
I ain't Mali like Kawli but u know we let it rip
Drogheda is in the party me and gang come equipped
Labels telling A92 stay up out the mix
Never gonna happen but I they got the message pretty quick

Yh I'm Irish
I love fighting
The birds love me cause the watch is full of diamonds
I put Byne in I'm front lining
If I'm lying then I'm flying
Yh I'm Irish
I love fighting
The birds love me cause the watch is full of diamonds and
No stress cause my brothers got me shining

If I'm lying then I'm flying
