Few man tryna draw me out, no questions asked, man fire this lead
Yo, yeah they cap like snapbacks
You know that I don't like this verbal
Watch your mouth cause you know that I clap back
And she shaking that ass in that
Orangey dress and I let that fizz like fanta
And that back too fat
Let her whine up on me, after that, let a man double tap that
Pass it to bro, now he's calling me Santa

Them man talk but they don't want war, yeah
