

Be Free

Aaradhna

Cherish all the love we made
Cherish all the times we had
And I will never be the same
Cause this guy's took my moon away
(Still, want you to) be free, fly away

Fly away, I love you
But it's not enough to make you stay
I want you to be happy
I'm just trying to stay strong
If it means leaving us, then let it be

It's gonna hurt to see you
Walk away from me
When you close that door
Behind you and it's just me

I don't wanna say goodbye
It's never the right time
Cause we told each other
"I will love you for life"
I'll still love you for life

I never thought I'd see the day
Where we will go our separate ways
But your mind's made up, you've had enough
And I can't hide this pain

It's gonna hurt to see you
Walk away from me
When you close that door
Behind you and it's just me

I don't wanna say goodbye
It's never the right time
Cause we told each other
"I will love you for life"
I'll still love you for life

Cherish all the love we made (Oh oh oh)
Cherish all the times we had (Oh oh oh)
And I will never be the same (I will never be)
Cause this guy's took my moon away
Still, I want you to be free

Tomorrow you'll be gone
I won't stand on your way
This is what you want
I won't beg you to stay
But I'll cry, I'll weep
Til I wash this pain, I'll be in the rain
14 years of tears
Will keep my head under water
Keep me drowning in my sleep
With dreams to remember
I'll never forget, babe
(I'll never forget you, babe)

Cherish all the love we made (Yeah)
Cherish all the times we had (I will never be the same)
And I will never be the same (Cause this guy)
Cause this guy's took my moon away (Took my moon)
Still, I want you to be free
