

Love 2 Love

Aaradhna

I spend all my time trying to define
The meaning of this life
Still can't decide
But I love to love

I love it when I hear you say
I'd give it all to hear you say
And it's not easy, oh
And they don't make 'em like us
And they don't make 'em like us
And they don't make 'em like us
And they don't make 'em like us

I must be your beat, but I know what I need
Don't forget the girl 'cause this could be it
Love me all the way, we'll go back to yesterday
Don't wanna spend my time tryna figure out why
It's in my mind, I just wanna be
Oh, let me just bathe in the water
Let the river flow through

But I love to love
Don't wanna waste time
I'm just looking for peace of mind
I love to love
Don't wanna waste time
I'm just looking for peace of mind

Spend all my days tryna navigate through uncertainty
But I know I will make it through
I'm just tryna do the best that I can
Oh, got to let go, trusting that misery is good for the soul
Let love set you free
Baby, we just need to take our time
And if you wanna do this right

I love to love
Don't wanna waste time (Don't wanna waste time)
I'm just looking for peace of mind
I love to love
Don't wanna waste time
I'm just looking for peace of mind
I love to love
Don't wanna waste time
I'm just looking for peace of mind
I love to love
Don't wanna waste time
I'm just looking for peace of mind

I love it when I hear you say
I'd give it all to hear you say
And it's not easy, oh
And they don't make 'em like us
And they don't make 'em like us
And they don't make 'em like us
And they don't make 'em like us

Just wanna know if you wanna go
Just wanna know 'cause I wanna stay
Just wanna know 'cause I wanna stay
We can make it, babe, we could run away

I spend all my time trying to define
The meaning of this life
Still can't decide

I love to love
Don't wanna waste time
I'm just looking for peace of mind
I love to love
Don't wanna waste time
I'm just looking for peace of mind
I love to love
Don't wanna waste time (Don't wanna waste your time)
I'm just looking for peace of mind
I love to love (Hey, yeah)
Don't wanna waste time
I'm just looking for peace of mind
