

# Blockbuster

Aaron Carter

I ain't feel the pain in a long time  
If she call my phone I hit decline  
I wish I could pause time and feel fine  
Blockbuster please be kind and rewind

Blockbuster please be kind and rewind  
Blockbuster please be kind and rewind

I ain't feel the pain in a long time  
If she call my phone I hit decline  
I wish I could pause time and feel fine  
Blockbuster please be kind and rewind

Medusa on my body like I rock Versace  
Iced out the wrist looks like I'm playing hockey  
I'm coming for the throne can't nobody stop me  
Life's a party going gnarley kimosabe  
What it do baby girl I'm that dude  
We can go anywhere just me and you  
No cellphones just Polaroids and bathing suits  
I love a country girl in some daisy dukes  
Pretty girls always no how to break my heart  
Take my kindness as a weakness they just do me wrong  
Sooner or later is my theme song  
There's no one to hold me as I fall apart  
Late nights in the desert just to feel find  
Got the Escalade just to get you off my mind  
Only one thing for certain we was born to die  
Blockbuster please be kind and rewind

I ain't feel the pain in a long time  
If she call my phone I hit decline  
I wish I could pause time and feel fine  
Blockbuster please be kind and rewind

I ain't feel the pain in a long time  
If she call my phone I hit decline  
I wish I could pause time and feel fine  
Blockbuster please be kind and rewind

Orange tapes and lunchables type a date  
On the sand about to roll up an 8th  
Love at first sight I believe in faith  
Her body's like the ocean I'm tryna ride the wave  
Cowabunga this gonna be my hottest summer  
Treat her like a jet ski she my wave runner  
Red bottoms I'm dancing with the devils daughter  
Bad little bitch kissed by the sun in Florida  
I love the way her hair change with every season  
I'm liking old pictures so she me creeping  
She took my heart away and left me bleeding  
Lately when I think of her I start drinking  
This little light of mine I'ma let it shine  
I ain't been this high in a long time  
If you don't know my struggles please don't knock my grind  
Blockbuster please be kind and rewind

I ain't feel the pain in a long time  
If she call my phone I hit decline  
I wish I could pause time and feel fine  
Blockbuster please be kind and rewind
