

# Grateful

Aaron Carter

You got me feeling, feeling, feeling so grateful  
You got me feeling, feeling, feeling so grateful

Sunshine through my window  
But it's been a minute since I felt like this  
Been a long week, but I'm good, good  
Every single breath is feeling like a gift, yeah

Happiness is a state of mind  
Darkness while the stars would shine  
They light up at the perfect time  
Been lost but with you, I find

You got me feeling, feeling, feeling so grateful  
You got me feeling, feeling, feeling so grateful  
Grateful that we got right here  
Grateful that we got right here

I feel grateful, wanna say thank you  
Elevated so high, let me take you  
Remembering the times when you came through  
Always holding me down and help me break through  
They don't make 'em like you no more, uh

Happiness is a state of mind  
Darkness while the stars would shine  
They light up at the perfect time  
Been lost but with you, I find

You got me feeling, feeling, feeling so grateful  
(You got me feeling so grateful)  
You got me feeling, feeling, feeling so grateful  
Grateful that we got right here (grateful)  
Grateful that we got right here

Ooh-ooh-ooh (grateful)  
Ooh-ooh-ooh (grateful)  
Ooh-ooh-ooh (grateful)  
Ooh-ooh-ooh (grateful, grateful)

Grateful that we got right here (grateful)  
Ooh-ooh-ooh  
Grateful that we got right here (grateful)  
Ooh-ooh-ooh, ooh-ooh-ooh  
Grateful that we got right here
